Discovery Europe

Africa's Discovery of Europe features thematically organized chapters that explore first impressions, religion and politics, commerce and culture, imported goods and technology, the Middle Passage, and Africans in Europe. In addition, Northrup offers a thoughtful examination of Africans' relations--intellectual, commercial, cultural, and sexual--with Europeans, tracing how the patterns of behavior that emerged from these encounters shaped pre-colonial Africa.

than from the customary European one. By featuring vivid life stories of individual Africans and drawing upon their many recorded sentiments, author David Northrup presents African perspectives that persuasively challenge stereotypes about African-European relations as they unfolded in Africa, Europe, and the Atlantic world between 1450 and 1850.

Africa's Discovery of Europe - David Northrup - Oxford ...

In Africa's Discovery of Europe David Northrup explores African perspectives on contact with Europe and Europeans in the four centuries to 1850. This is done using life stories and personal accounts, though in many cases these are only known indirectly, through European texts. Early encounters included official delegations from African states to Europe, Africans enslaved in Europe, and encounters with Europeans in Africa.

Africa's Discovery of Europe - RUSH HOUR BUSINESS

Review: Africa's Discovery of Europe by David Northrup. I just read a very interesting book on Africa's discovery of Europe written by a professor of History at Boston College. The book gives an overview of the encounters between Europeans and Africans, from 1450 till 1850. It starts with the first contacts between Portuguese sailors and African coastal states in West-Africa and is as much as possible based on sources from Africans.

What does the author, David Northrup, mean when he uses the term "discovery" in the book's title? not that Africans found things unknown to others, but rather finding out things unknown to themselves- It also emphasizes that Africans played active roles in their encounters with Europeans and thus counters the assumption that they were passive victims incapable of shaping these encounters
