Light pollution puts Milky Way out of sight for most people in Britain

light pollution - latest news, breaking stories and -

The use of lighting only when the light is required can have a number of benefits, including minimising light pollution, reducing energy consumption, reducing harm to wildlife and improving people ...

Light pollution - GOV.UK

LIGHT POLLUTION should be considered as dangerous as all other pollution to the natural world, according to researchers who believe it is having "widespread" impacts on the planet.

Light pollution destroying the natural world - study -

A new study, published in the journal Lighting Research & Technology, has revealed that much of light pollution, which negatively impacts human health and animal migrations and wastes energy, is...

New study reveals main sources of light pollution

What is Light pollution - Light pollution or photo pollution is defined as the excessive use of artificial outdoor lighting. This phenomenon affects the nighttime sky, disturbs the life process of many organisms, decreases the visibility at night, it has many adverse effects on the environment, energy resources, wildlife, and humans.

Light pollution - A new threat - Group Discussion Ideas

[Taken together, these studies show that in a city with well-designed streetlights, most of the light emissions and light pollution come from other lights.] co-author Dr. John Barentine from the...

Smart Streetlights Could Help Control Light Pollution -

The Environmental Protection Act identifies light pollution as a statutory nuisance, and the London Plan requires planning applications to give full consideration to its effects. The Clean Neighbourhoods and Environment Act (2005) has gone so far as to make light that is a nuisance or prejudicial to health a criminal offence. Indeed, many environmentalists and medical researchers now consider light pollution to be one of the most pervasive forms of environmental pollution.

Planning for Light Pollution - GLA Surveys

New The light pollution map has two base layers (road and hybrid Bing maps), VIIRS/World Atlas/Clouds overlays and a point feature overlay (SQM, SQC and Observatories). If you want a more detailed analysis of radiance (VIIRS/DMSP) changes over a period of time, then please use the Lighttrends application. For more information view the help.

Light pollution map

For the artificial light to count as a statutory nuisance it must do one of the following: unreasonably and substantially interfere with the use or enjoyment of a home or other premises injure...

Artificial light nuisances: how councils deal with -

[Light pollution has made the view blank, but getting a view of the stars in a city isn't completely impossible. The trick is to plan ahead, get as high (or as far) as you can and remove any close...

How night skies across the world would look without light -

A new study provides strong evidence that exposure to light pollution alters predator-prey dynamics between mule deer and cougars across the intermountain West, a rapidly growing region where...
