Sondheim in Our Time and His offers a wide-ranging historical investigation of the landmark works and extraordinary career of Stephen Sondheim, a career which has spanned much of the history of American musical theater. Each author uncovers those aspects of biography, collaborative process, and contemporary context that impacted the creation and reception of Sondheim's musicals. In addition, several authors explore in detail how Sondheim's shows have been dramatically revised and adapted over time. Multiple chapters invite the reader to rethink Sondheim's works from a distinctly contemporary critical perspective and to consider how these musicals are being reenvisioned today. Through chapters focused on individual musicals, and others that explore a specific topic as manifested throughout his entire career, plus an afterword by Kristen Anderson-Lopez; by digging deep into the archives and focusing intently on his scores; from interviews with performers, directors, and bookwriters, and close study of live and recorded productions--volume editor W. Anthony Sheppard brings together Sondheim's past with the present, thriving existence of his musicals.

Two veteran writers collaborate on this fascinating behind-the-scenes account of the journey that took the “practically perfect” nanny from the pages of P. L. Travers’s beloved novels to the stage. Well-known British writer and radio personality Brian Sibley tells Mary Poppins’s story, from her obscure origins in Travers’s Australian childhood and her progress through the series of books Travers began to write in 1934, to her incarnation by Julie Andrews in one of the most successful Disney films of all time, to her long-awaited landing onstage in London’s West End. A long-time friend of Travers and co-writer with her of an unproduced sequel to the film, Sibley offers unique insights into the idiosyncratic author’s complex relationship to her heroine, and the decades-long series of proposals and negotiations that finally resulted in Disney Theatrical Productions joining forces with the Cameron Mackintosh Theatrical Group to realize Travers’s stories as a spectacular work of musical theater. Sibley’s details the entire development process of the show’s script, music, choreography, and design, culminating in a glorious opening night on December 15, 2004 in London’s Prince Edward’s Theatre, as Mary Poppins is met by cheering sold-out houses and critical raves. In the book’s second half, Michael Lassell gives a fascinating backstage account of the show’s transfer to Broadway, including the show’s American casting and important changes to its book, lyrics, and designs, as the creative team strives to “plus” Poppins to perfection.

Mary Poppins comes back on the end of a kite string, stays with the Banks family for a while, and then disappears on a merry-go-round horse.
