Morality and Moral Controversies provides students with the tools to understand the philosophical ideas that are shaping our world today. This comprehensive anthology includes classic and contemporary readings in moral theory and the most current applied ethics debates emphasizing international concerns. Through analyzing these readings such as Supreme Court decisions, students will grasp the scope of various philosophical discussions Supreme Court justices must have. Morality and Moral Controversies challenges readers to critically assess leading controversies in moral, social, and political philosophy. Learning Goals Upon completing this book, readers will be able to: Understand philosophical ideas that are shaping our world today. Confront conflicts faced when given the choice of morality. Apply various philosophical ideas to politics, religion, economics, relationships, and medicine. Discuss basic philosophical arguments. Note: MySearchLab with eText does not come automatically packaged with this text. Morality and Moral Controversies, 10th Edition challenges students to critically assess today's leading moral, social, and political issues. And as a comprehensive anthology, it provides students with the tools they need to understand philosophical ideas that are currently shaping our world. The 10th Edition includes classic and contemporary readings in moral theory, the most current topics in applied ethics, and updated debates in social and political philosophy. As in the previous nine editions, the materials were selected for balance, timeliness, and accessibility after reviewing a vast range of possible articles from leading scholarly journals, mainstream periodicals, online posts, and book chapters. Hallmarks include carefully edited and philosophically relevant U.S. Supreme Court decisions, compelling readings, and contrasting points of view that reflect a broad ethical and political spectrum. Upon completing this book, readers will be able to: Understand philosophical ideas that are shaping the world today. Apply various philosophical ideas to politics, religion, ethics, economics, personal relationships, medicine, the environment and climate change, warfare, and other areas. Appreciate how to construct, apply, and evaluate basic philosophical arguments. Key updates to the 10th Edition include: Publishing all material in the actual book (in contrast to placing sections online behind a paywall, as was the case in earlier editions with a different publisher). New readings on: autonomous warfare self-

This comprehensive anthology includes classic and contemporary readings in moral theory--a wide array of essays that address today's most philosophically interesting and controversial ethical and political issues. Includes an ethical theory overview; shows relevance of traditional and contemporary writers. KEY TOPICS: Features articles on self-interest and morality, rule utilitarianism and the conflict between duty and sentiment; Features readings on life and death, terrorism, internment in time of war, distribution of scarce medical resources and the survival lottery; Features essays on democracy, capitalism and its ethos, multiculturalism, identity and reparations. Extensive coverage of violence, terrorism, and war, as well as relativism and grounds of morality. MARKET: For those involved in social or political ethical decision making.

"Introduces the reader to the sources of Christian ethics and to critical reflection on moral issues, including interpretations of love, justice, and the formation of a virtuous character. Selected readings discuss issues of family and sexuality, violence and peace, economic justice, abortion, and euthanasia"--Provided by publisher.

This anthology of classical and contemporary philosophical and legal essays and legal cases focuses on legal philosophy as its own subject--rather than as an outgrowth of social or political philosophy or applied ethics. The essays focus on how law is organized and the particular philosophical issues that law raises-- and gives readers the opportunity to think through actual debates—many of them still live in the courts. Provides short introductions and thought-provoking questions for each selection. The Practice of Law. The Rule of Law. The Moral Force of Law. Elements of Legal Reasoning. Natural Law and Legal Positivism: Classical Perspectives. Formalism and Legal Realism. The Contemporary Debate: Hart v. Dworkin. Law and Economics. Critical Legal Theory and Feminist Jurisprudence. Punishment: Theory and Practice. Problems of Criminal Liability. The Rights of Defendants. Compensating for Private Harms: The Law of Torts. Private Ownership: The Law of Property. Private Agreements: the Law of Contract. Constitutional Government and the Problem of Interpretation. Freedom of Religion, Speech and Privacy. Equality and the Constitution. For anyone interested in the law.

Who ever heard of an easy-to-understand philosophy book? Now there is one. BASIC MORAL PHILOSOPHY presents clear information on the major ethical and philosophical theories that you can actually comprehend. Whether it's bioethics or broad moral philosophy, BASIC MORAL PHILOSOPHY is the ethics textbook that gives you an introduction to the tough questions and helps you get a great grade in class also. day lives. The 5th edition shows how modern day controversies created by emerging technologies can be analyzed from the perspective of standard ethical concepts and theories. -- Provided by publisher.

Promotes a deeper understanding of markets, corporate responsibility and business ethics Markets, Ethics, and Business Ethics provides an introductory discussion on basic, challenging concepts of business ethics: markets, property rights, law, and corporations. This title presents a balance of institutional perspectives and the concrete decisions people make within those institutions. The text studies the rules and incentives of a business system as well as the ethical decisions that people confront within their roles as consumers, investors, managers, owners, employees, and citizens. MySearchLab is a part of the Scalet program. Research and writing tools, including access to academic journals, help students explore ethics in even greater depth. To provide students with flexibility, students can download the eText to a tablet using the free Pearson eText app. Learning Goals Upon completing this book, readers should be able to: Assess arguments that respond to each other by either criticizing what has gone before or by developing themes in alternative ways. Recog Debate any given topic by considering the structure of the best competing arguments for any given position Critically assess leading controversies in business ethics NOTE: MySearchLab does not come automatically packaged with this text. Highly controversial when it was first published in 1981, Alasdair MacIntyre's *After Virtue* has since established itself as a landmark work in contemporary moral philosophy. In this book, MacIntyre sought to address a crisis in moral language that he traced back to a European Enlightenment that had made the formulation of moral principles increasingly difficult. In the search for a way out of this impasse, MacIntyre returns to an earlier strand of ethical thinking, that of Aristotle, who emphasised the importance of 'virtue' to the ethical life. More than thirty years after its original publication, *After Virtue* remains a work that is impossible to ignore for anyone interested in our understanding of ethics and morality today.

A renowned Harvard professor's brilliant, sweeping, inspiring account of the role of justice in our society--and of the moral dilemmas we face as citizens What are our obligations to others as people in a free society? Should government tax the rich to help the poor? Is the free market fair? Is it sometimes wrong to tell the truth? Is killing sometimes morally required? Is it possible, or desirable, to legislate morality? Do individual rights and the common good conflict? Michael J. Sandel's "Justice" course is one of the most popular and influential at Harvard. Up to a thousand students pack the campus theater to hear Sandel relate the big questions of political philosophy to the most vexing issues of the day, and this fall, public television will air a series based on the course. *Justice* offers readers the same exhilarating journey that captivates Harvard students. This book is a searching, lyrical exploration of the meaning of justice, one that invites readers of all political persuasions to consider familiar controversies in fresh and illuminating ways. Affirmative action, same-sex marriage, physician-assisted suicide, abortion, national service, patriotism and dissent, the moral limits of markets—Sandel dramatizes the challenge of thinking through these conflicts, and shows how a surer grasp of philosophy can help us make sense of politics, morality, and our own convictions as well. *Justice* is lively, thought-provoking, and wise—an essential new addition to the small shelf of books that speak convincingly to the hard questions of our civic life.
