~~This brand new, shorter edition of the critically acclaimed work includes J.R.R. Tolkien's complete draft manuscript of 'The Hobbit', together with notes about its history, and is perfect for readers of all ages wishing to know more about how he came to write his beloved masterpiece.J.R.R. Tolkien's The Hobbit is a tale that grew in the telling, and many character and story threads present in the published book were completely different when Tolkien first read the story to his young sons as part of their fireside reads. A Brief History of The Hobbit presents that original manuscript version of The Hobbit, and this is accompanied by John D. Rateliff's lively and informative commentary, which looks at the story behind Tolkien's tale. As well as recording the numerous changes made both before and after publication, it examineschapter-by-chapter - why those changes were made and how they reflect Tolkien's ever-growing concept of Middle-earth. The original account of where Bilbo meets Gollum and steals the ring from him is reprinted here, as are little-known illustrations and maps that Tolkien produced for his own reference when drafting the story, together with his later attempt to recast The Hobbit into the style of The Lord of the Rings. This invaluable companion to one of the most treasured stories in English literature offers fascinating new insights to those who have grown up with this enchanting tale, and will delight those who are about to enter Bilbo's round door for the first time.~~

~~Analyzes and illuminates Tolkien's lesser-known achievements as an artist and collects the complete artwork created for "The Hobbit," including over one hundred sketches, paintings, maps, and plans.~~

~~Borne on the Wind is the compelling autobiography of English artist Mary Fairburn (born 13 June 1933).The book features 76 pp colour plates (including first-time reproductions of Mary's artwork) and 440 text pages.From camping with lions in the Serengeti to volunteering at Mother Teresa's 'Home for the destitute and dying' in Kolkata, Borne on the Wind is a memoir full of art and adventure.Although marked by the disruptions of war, Mary Fairburn's early life was a magical time, immersed in art, friendships and the landscape of southern England. Mary's family lived in the stately Rowneybury house, which had a lasting effect on Mary: 'I'd found my earthly paradise here'.She was inspired creatively and spiritually by myth and story, particularly by the English fantasy tradition of C.S Lewis and J.R.R. Tolkien, which eventually led her to illustrate The Lord of the Rings. Tolkien himself was very impressed by Mary's work: 'I think the samples you sent me are splendid. They are better pictures in themselves and also show far more attention to the text than any that have yet been submitted to me.' An exchange of letters ensued (between Mary Fairburn and J.R.R. Tolkien) but unfortunately - due to a series of misadventures - they were not published until 2014 in Tolkien: The Official Calendar 2015 by Harper Collins.A self-confessed dreamer, Mary has always been industrious and capable, adapting to the situation at hand. When working for the infamous Sister Gemma, in one of her hostels for London's 'down-and-outs', her first task was to build a new chapel within the walls of an old nightclub. A task she successfully completed, despite challenges and limitations. She is also not likely to hold back when proving a point; who else would attempt to measure Winchester cathedral with a 12-inch ruler?! 'Mary's life story is a lived lesson in art, literature, history, geography and spirituality, brought to life for the reader by her strong feelings about everything, and astonishing retention of detail.' (Paul Tankard, Foreword, Borne on the Wind, 2020)~~

~~Twenty new and familiar Tolkien artists are represented in this fabulous volume, breathing an extraordinary variety of life into 58 different scenes, each of which is accompanied by appropriate passage from The Hobbit and The Lord of the Rings and The Silmarillion~~

~~Fifty years ago, shortly after The Lord of the Rings was first published, Cor Blok read the trilogy and was completely captivated by its invention and epic storytelling. The breadth of imagination and powerful imagery inspired the young Dutch artist, and this spark of enthusiasm, coupled with his desire to create art that resembled a historical artefact in its own right, led to the creation of more than 100 paintings.Following an exhibition at the Hague in 1961, JRR Tolkien's publisher, Rayner Unwin, sent him five pictures. Tolkien was so taken with them that he met and corresponded with the artist and even bought some paintings for himself.The series bears comparison with the Bayeux Tapestry, in which each tells an epic and complex story in deceptively simple style, but beneath this simplicity lies a compelling and powerful language of form that becomes more effective as the sequence of paintings unfolds.The full-colour paintings in this new book are presented in story order so that the reader can enjoy them as the artist intended. They are accompanied by extracts from The Lord of the Rings and the artist also provides an extensive introduction illuminating the creation of the series and notes to accompany some of the major compositions. Many of the paintings appear for the very first time.Readers will find Cor Blok's work refreshing, provocative and wholly memorable - the bold and expressive style that he created stands as a unique achievement in the history of fantasy illustration. Rarely has an artist captured the essence of a writer's work in such singular fashion; the author found much to admire in Cor Blok's work, and what higher accolade is there?~~
