This long-awaited new "Star Trek" technical manual--nearly two years in the making--presented in the world-renowned Haynes Manual format details the intricacies of the "Enterprise."

An all-new Star Trek technical manual of the legendary Klingon Bird of Prey, presented in the world-renowned Haynes Manual format! The Bird-of-Prey is the classic Klingon starship—a tough raiding and scouting vessel that has served at the heart of the Klingon Defense Force for more than a hundred years. Life on board is harsh and brutal, with any sign of weakness leading to a challenge to the death. The ship itself is stripped back and lean, with everything designed for a single purpose—war. This Haynes Manual traces the origins of a Bird-of-Prey from the moment it is commissioned by one of the Great Houses and constructed at the shipyards of the Klingon Naval Academy. It then proceeds to examine General Martok ' s famous ship the I.K.S. Rotarran in unprecedented detail. Featuring a stunning cutaway drawing and, for the first time ever, detailed deck plans and incredible new computer-generated artwork, the Haynes Bird-of-Prey Manual is a technical tour of the ship ' s systems, from the bridge and engineering rooms to the disruptors, torpedo launcher, and the all-important cloaking device. In addition, the Manual provides a unique insight into life on board a Klingon ship and the Rotarran ' s glorious history in the Dominion War. This Haynes Manual is fully authorized by CBS. All the new artwork has been designed by STAR TREK: THE NEXT GENERATION and STAR TREK: VOYAGER ' s senior illustrator Rick Sternbach, who is the world ' s leading expert on STAR TREK technology, with CG renders produced by STAR TREK VFX artist Adam ' Mojo ' Lebowitz.

Captain James T. Kirk's Original Starship Enterprise! Everything you want to know about this iconic starship in the FIRST full color volume ever published. Featuring details from both TV series and the first six movies. This volume, featuring the U.S.S. Enterprise NCC-1701 and the U.S.S. Enterprise NCC-1701-A, is a detailed, illustrative account of the TV starship from the original 1966-1969 series, and the movie starship from STAR TREK: THE MOTION PICTURE (1979), STAR TREK II: THE WRATH OF KHAN (1982), STAR TREK III: THE SEARCH FOR SPOCK (1984), STAR TREK IV: THE VOYAGE HOME (1986), STAR TREK V: THE FINAL FRONTIER (1989), and STAR TREK VI: THE UNDISCOVERED COUNTRY (1991). Plus, Captain Pike's Enterprise from the hit TV series STAR TREK: DISCOVERY. With isometric illustrations of all the key locations, annotated plan views, detailed technical information, Starfleet equipment, and uniforms and insignia, the chapters follow the starships through time and provide an extraordinary reference guide to these iconic Federation vessels.

A technical primer on the legendary Klingon Bird-of-Prey focuses on the light B'rel-class scout to cover the ship's stations, weapons, and key technologies.

A floor plan of the U.S.S. Enterprise encompasses a chronology of the events in the recent Star Trek movies and looks at the new "Enterprise" built to replace the destroyed old ship

Gathers diagrams of spaceships, transporters, control stations, equipment, medical instruments, weapons, shuttlecraft, uniforms, insignia and fleet headquarters, and includes Federation maps and treaties

From the public's first glimpse of the original Starship Enterprise to the brave new worlds explored in Star Trek: Voyager, the never-ending phenomenon that is Star Trek has treated generations of viewers to a dazzling barrage of unforgettable images of the future. Bizarre alien beings, breathtaking extraterrestrial landscapes, exotic costumes, state-of-the-art special effects, and remarkably convincing futuristic sets and props and equipment have brought Gene Roddenberry's inspiring vision to life before the public's awestruck eyes. The Art of Star Trek is a one-of-a-kind gallery of Star Trek artwork, as well as tribute to the many artists, designers, and technicians whose diverse talents and imagination created the distinctive look of the Star Trek universe. Every incarnation of Star Trek is explored: The Original Series, The ANimated Series, Star Trek: The Next Generation, Star Trek: Deep Space Nine, and Star Trek: Voyager, and the films -- with the complete behind-the-scenes story of Star Trek's design history. With hundreds of full-color illustrations and photographs, many from private collections, readers will at last be able to linger on Star Trek's rich visual legacy and trace the evolution of and images from their initial conceptions to their final form on television and film screens. Like all great works of art, the many sights and visual surprises of Star Trek have been built from scratch through a combination of inspiration and painstaking effort. The Art of Star Trek covers the entire universe of Star Trek artwork and production design to reveal how, in all of its various forms, Star Trek has allowed us to look boldly into the future and see what no one has seen before. The Art of Star Trek is the art of pure imagination, the art of a bright, hopeful future, and the art of three remarkable decades on nonstop action and adventure. Lavishly illustrated, it is a book to be read and referred to time after time, as well as one that will become a cherished chronicle fo Star Trek's first thirty years.

Featuring the ships of the Klingon fleet from their first appearance in the original TV series through the hit new series Star Trek: Discovery! THIRTY KLINGON SHIPS INCLUDING FOURTEEN SHIPS FROM STAR TREK: DISCOVERY This volume features ships of the Klingon Fleet, from the 22nd to the 24th Century. Opening with the Klingon Defense Force bird-of-prey - an essential part of the fleet since the Empire first achieved space flight - the book features thirty ships, including the D7-Class Battle Cruiser, the Sarcophagus, the Raptor and the late 24th Century I.K.S. Negh'Var. With technical details, operational histories and annotated plan views, the book shows the evolution and development of the fleet in sumptuous CG renders, and is the most comprehensive collection of Klingon ships ever produced. The Star Trek Shipyards Encyclopedia series provides Star Trek fans with the first ever chronological history of the starships from the television and film series. In this third volume, the ships of the Klingon fleet are explored from their first appearances in all the Star Trek television series through their most recent appearances in the hit new series Star Trek: Discovery.

A guide to the technology of the imaginary space station at the heart of the program provides descriptions, schematic diagrams, and other data

Celebrate the 55th anniversary of Star Trek: The Original Series with this epic coffee-table book! New interviews, archival conversations, never-before-seen art and sketches, and more! Gene Roddenberry ' s “ Wagon Train to the Stars ” continues to live long and prosper, with Discovery, Lower Decks, and Picard currently on the air, and Strange New Worlds on the way. But it all began 55 years ago with Star Trek: The Original Series. The second installment in Hero Collector ' s Celebration line (following Star Trek: Voyager – A Celebration), Star Trek: The Original Series – A Celebration includes more than a dozen new interviews with cast and creatives, scores of never-before-seen photographs and sketches, as well as chapters taking fresh looks at the show ' s creation, directing, visual effects, props, and most-pivotal episodes.
